

BOBBLE EDGED SHRUG

*enliven any look with a splash of colour,  
the subtle bobbling adds gorgeous texture*

## Basic Information

The quantities of yarn are based on average requirements and are therefore approximate. It is essential to work to the stated tension and you should always knit a tension square before starting. If you have too many stitches to 10cm/4in your tension is tight and you should change to a larger needle. If there are too few stitches, your tension is loose and you should change to a smaller needle. We cannot accept responsibility for the finished product if any yarn other than the one specified is used. Instructions given are for the first size, with larger sizes in round brackets. Where only one figure or instruction is given this applies to all sizes. Work all directions inside square brackets the number of times stated. See ball band for washing and pressing instructions.
